OBJECTIVE

Motivated Computer Science graduate focused on launching a career in frontend development. Eager to contribute to high-impact web projects and grow within a forward-thinking development team.

EDUCATION

Dhaanish Ahmed College of Engineering
B.E Computer Science and Engineering
CGPA - 7.9   **2020-2024**

Velankanni Matriculation Higher Secondary School
HSC - 56%   **2019-2020**
SSLC - 75%   **2017-2018**

PROJECTS

Water Quality Monitoring and Management System
- This is my Final Year Academic Project.
- We developed a water quality monitoring system utilizing IoT technology.
- We implemented sensor-based real-time data collection for monitoring pH, turbidity, and temperature, enabling remote alerts for water quality management.

Food Delivery Application
- In this project I have developed a responsive food delivery application using React and Material-UI. Implemented an intuitive UI for seamless menu browsing and order customization.
- Optimized performance with code-splitting and ensured cross-device compatibility through responsive design.
- **GitHub**: **Syedshoaib7/Food-Delivery-App**

Song Recommendation System
- We developed and deployed a music recommendation system, combining collaborative and content-based filtering with a responsive web interface.
- Implemented the recommendation engine, integrated it with the front end, and optimized the system for accuracy and performance.
- **GitHub**: **Syedshoaib7/naanmudhalvan-SI**

E-Commerce Website
- Developed and maintained a responsive E-commerce website using React, ensuring optimal performance and seamless user experience across multiple devices.
- Implemented dynamic product catalogs, search functionality, and a secure checkout process, enhancing user engagement and satisfaction.
- **GitHub**: **Syedshoaib7/E-commerce-website**

TECHNICAL SKILLS

Languages: HTML, CSS, Javascript, Java(basic), SQL(basic)
Developer Tools: VS Code, Android Studio, IntelliJ IDEA, MySql
Technologies/Frameworks: ReactJS(intermediate), NodeJS(basic), GIT, GITHUB

CERTIFICATIONS

- Certification in **JavaScript** from Udemy (05/2024)
- Certification in **Java(basic)** from HackerRank (Sep 2023)
- Certification in **Python** from Coursera (Aug 2023)
